Dear Friend:

Our last letters must have crossed in the mail, but I think this should straighten evry thing out.

First of all I talked to Posey on the ph phone yesterday, and have agreed to go to Knoxville the 22nd. Now I am writing Posey now to ask him about playing us or arranging some games for The Eagles between the 22nd and the 29th when we come to Atlanta. It will be too much traveling to go back to Richmond after the 22nd, and then come back to Atlanta. On the other hand it is too expensive to stay on the road and not be booked to play. I asked Posey to answer me right away, to telephone me if necessary. I will write you again if we do not get our schedule filled in, and ask you to give me the name of someone you might suggest who could help.

I have contact with Greenboro, Durham, Raleigh, and of course Virginia, but I was holding up because of your letter of March 1st when you asked me to play you around Atlanta for three or four days. From the contents of your letter of March 24th, I see that will not be possible, so I would like you to tell me in your answer just exactly what dates you do want to play us beside the 29th in Atlanta, and where. I had already told Brady Johnson we would come to Virginia after the 29th. Now you speak of going to Greenville and Charlotte after the 29th. If you can get these two spots for the 30 and May 1st it would be fine, as they are on our way up, but let me know right away, so Brady will not be working on them. We could play the 2nd, 3rd, and maybe the 4th in Virginia.

I will appreciate hearing from you right away, as you know the time is drawing near.

Very Truly Yours
